

Exciting Opportunity for Female Riders Ages 9 to 13

TOPPERS

A one-week intensive riding program for girls 9 to 13.

Camp Nashoba North offers a one-week intensive riding program for English riders. The Toppers program was created to provide hands-on quality instruction for a small group of girls who are experienced riders. Riders will have a minimum of 2 one-hour riding lessons each day, a stable management lecture and 2 one-hour camp activities; such as waterskiing, sailing, pottery or tennis (just to name a few) to choose from. Always a favorite, are the Gymkana games, horseless jumping, video critique and musical drill team!

sleep-away environment. Campers live in modern cabins complete with electricity, sinks, toilets and hot showers. Laundry is done each week by camp staff and a suggested packing list will be provided. All riders must have an approved harness helmet, riding boots and breeches. Attire is active casual at Camp Nashoba North. Please call us at 978-486-8236 for more details on this program or to discuss your daughters riding ability. Please view our wonderful DVD that showcases our facilities.

Nashoba's lessons are taught by qualified instructors on well-schooled horses and ponies. We have four riding arenas and two stables within our camp facility on picturesque Crescent Lake in Raymond, Maine. Our lecture series will cover many pertinent subjects such as feeding, grooming, points of the horse, confirmation traits, body markings, breeds, braiding, course design, bandaging, first aid, lunging, saddling and much more. We will also have professionals lecture; a locally recognized veterinarian on pre-purchase exams and our own registered farrier will demonstrate proper shoeing techniques.

Our hands-on approach fosters confidence while teaching safety skills around horses. Toppers students gain a true understanding of horsemanship while being in a traditional

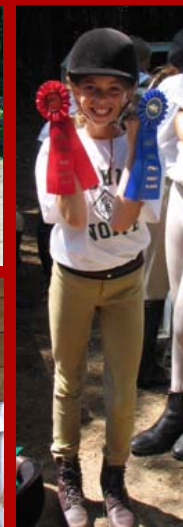

1st Session
July 26 to August 2
\$1,500.00

2nd Session
August 9 to August 16
\$1,500.00
